Boss and Enemy Lists

The lists are both in alphabetical order, I am planning to add the locations and other stuff, but for now it will be in a table. I will slowly change the format.

The table has some headings, these are their meanings:

Name - It's kind of obvious, it's a name.

HP - Hit Points, like the life of your enemy.

MP - Magic Points, the amount of magic the enemy can do.

Exp. - Experience Points, how much experience you have gained from defeating the enemy.

Coins - Currency, it is the money you get from defeating the enemy.

ATP - Attack Power, how much strength the enemy has.

DFP - Defence Power, how much defence the enemy has.

AGL - Agility, the speed of the enemy.

And that's all, now view the lists.

Guide Related Questions:

1. I have submitted information to you for this guide but you have not added it.

Answer: It is most likely that I have added it to the guide or it is already present in the guide. If it is not present in the guide and is not for a week after your contribution please contact me (refer to Contacting Me section).

2. This guide is not the correct guide for this game.

Answer: This has happened before, I had submitted a guide I wrote for the previous version of the game (e.g. a guide I wrote for Dragon Slayer 1 or 2 was submitted for Dragon Slayer Gaiden). If you find this to be the case for this guide then please contact me (refer to Contacting Me section).

3. I submitted some information and you have used it as your OWN information without saying I was the one that submitted it.

Answer: There are two possibilities here. Either I had already added it to the guide before I found your submission, or I had added your submission but forgotten to mark it as yours and credit it for you. Either way I am very sorry, as I should credit you for any submissions you provide and I will do so if you contact me (refer to Contacting Me section).

4. You have stolen my work. This is theft damnit!

Answer: I highly doubt I have stolen your work, but if I have please feel free to e-mail me saying so and send a copy of your work as proof that I have stolen off you. And if I reject your claim then you should request for my contribution to be removed to CJayC through the Support Ticket (I think).

5. I submitted some information before but now I want to remove it.

Answer: My answer to this varies, if the information you submitted was a small peice of information like a item location then I will most likely not remove your contribution. But if it is larger (e.g. a analysis of the game mechanics or RNG system) then I will most likely remove it due to your request.
