I. INTRODUCTION \-----

1/ To display this FAQ well:

* You must have Japanese languages in your computer.

* Open this page by using a web browser (IE is recommended). Then right-click mouse button, select Encoding > Japanese (Shift-JIS).

2/ In this FAQ, I've tried to list all the characters that can be recruited n' all information about them.

3/ My Japanese is still not good. Therefore, this FAQ contains some errors about the name of Characters, Classes, Skills, Weapons n' Items (because I've translated them in my way). Please sympathize with me.

4/ I've written this FAQ for non-profit only. You can copy or distribute it freely. If you intend to post it on any website, please contact me first.

Follow these steps (thanks Ngo Van Phuc for this guide):
- After Map 8, put both Kreiss n' Arkis in Holmes's army.
- After Map 10, in Holmes's route, go back Map 7 n' select Ezekiel (or you can select him before Map 2). But Sasha (recommended) or Roger, Raffin or Norton MUST BE in your team.
- Go to Beruje (the town between Map 1 n' Map 2). An event will occur.
- After Map 13 n' BEFORE Map 14, visit Beruje again. But make sure Kreiss

has an Elixir.

- After Map 15 n' BEFORE Map 16, back to Beruje. But make sure Kreiss has an Amulet.
- After Map 19, back to Beruje.
- After Map 23, put both Kreiss n' Arkis in Runan's army.
- In Map 25, an event will occur in the lower right house between Leteena n' Mark - the Dragon Knight. Let Kreiss defeat Mark, then visits this house. Leteena will join your team instead of Rebecca.

- After 3rd team division, an event will occur between Kreiss n' Leteena.

You'll have 2 options:

- 1) Leteena will leave.
 - 2) Both Leteena n' Kreiss will leave unless you have Ezekiel in your team.
- Just select 2), but Ezekiel MUST BE in your team.
