WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation®2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, have an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game - dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions - IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Welcome to Champions: Return to Arms™

Based on the popular online game EverQuest® for the PC, Champions: Return to Arms™ is the sequel to the hit Champions of Norrath™. Champions: Return to Arms allows for single and multiplayer play on the PlayStation®2 computer entertainment system.

Innoruuk has been destroyed, but the influence of the Prince of Hate persists, and now a new threat gathers.

You have been summoned by Firiona Vie to help stop a new assault upon the Planes of Power. This time there is no army of Hate. This time the attack is more insidious. Hate has infected everything. There is no one you can completely trust. Firiona Vie stands vigilant, and calls upon you once more for help.

Will you follow her, or take another path of your own choosing?

Main Menu

When you first enter Champions: Return to Arms, you are presented with the following options in the main menu:

Start New Game: Begins a new game.

Load Saved Game: Loads a previously saved game from an attached Memory card (8MB)(for PlayStation®2).

Options: Adjusts your game settings and preferences.

Credits: Displays a list of those involved in the production of Champions: Return to Arms.

Options Menu

Set your gameplay preferences from this menu:

Bright: Adjusts the brightness level of the display.

Music/Amb: Adjusts the volume of music during play.

SEX: Increases or decreases the amount of sound effects heard during play, such as sword swings and coin jingles.

Controls: Customizes the default controller assignments.

Combat Camera Swivel: Toggles automatic camera movement behind the character during combat. Default ON.

Reverse Camera Inputs: Reverses the direction the camera moves when adjusting it left or right with the right analog stick. Default OFF.

Vibration: Toggles the vibration feedback in the DUALSHOCK®2 analog controller. Default ON.

Stereo: Toggles between stereo and mono audio output. Default ON.

Blood: Toggles graphical detail in combat. Default OFF.

Subtitles: Toggles the display of text during cinematic scenes. Default ON.

Damage Text: Toggles the display of damage messages during combat. Default ON.

Chat Text: Toggles display of player typed chat during internet game.

Player Markers: Toggles the colored markers that differentiate players during multiplayer games. Default ON.

Headset Settings: (only available during gameplay, via the Pause menu). Turns voice chat functionality on or off.

- **Local Echo:** Echoes the user's voice back.
- **Record:** Sets the record volume; turn it up to increase the record volume.
- **Threshold:** Sets the volume level at which you will start broadcasting; any sound quieter than the level set will not be transmitted (helps stop background noise from being broadcast). The threshold line can be viewed next to "Volume." The solid bar indicates how loud the headset input is, and the white line is the threshold that has been set.

Starting a Normal Game

After choosing to start a new game, you may select a Normal Game or an Internet Game (covered later under Internet Game). When starting a normal game, you will be asked whether you want to play a one, two, three, or four person game. Multi-player games started here are played with your friends on a single PlayStation®2 system. If you wish to play a multiplayer game with three or four players, you will need to install a Multitap (for PlayStation®2) and have your friends' controllers connected. If they wish to import their characters from another game, they must install their memory card with a previously saved game.

Selecting Difficulty

There are four levels of difficulty in *Champions: Return to Arms*. You must complete the previous level of difficulty successfully before you can move to higher levels.

Adventurous: This is the level you will start at if this is your first time playing.

Courageous: Recommended for character levels 25-45.

Champion: Recommended for characters levels 45-65.

Legendary: Recommended for character levels 65+.

If you're playing *Champions: Return to Arms* for the first time, you will begin at the first level of difficulty. This will allow you to build your character through the lower levels. The higher difficulty games will open up as you replay the game using your higher level character. The game will rebalance to provide a challenge worthy of your more powerful character. If you import a character from *Champions of Norrath* that reached higher levels of difficulty, you will have access to the higher levels of difficulty in *Champions: Return to Arms* with that character.

Creating Your Character

There are seven race and class combinations you may choose from. Each combination has its own strengths and weaknesses, abilities and skills. Your gameplay experience will be different for each, so try them all. Cycle through them by using the left analog stick or by pressing the right or left directional buttons.

You may choose to be either male or female for all characters except the Iksar and the Vah Shir. This choice will only affect your character's appearance.

Iksar Shaman: Iksar shamans are bipedal lizards who tap the spirit world to cast spells. They can wear full armor and use most weapons.

Vah Shir Berserker: Focused more on dealing damage than avoiding it, the berserker is a powerful but reckless combatant. They specialize in throwing axes.

Barbarian Warrior: A physically powerful character, the barbarian warrior tends to bring the battle to his enemies, and has many abilities that aid in melee combat.

Wood Elf Ranger: Agile, strong, and deadly with both melee and ranged weapons—especially the bow—the wood elf ranger also has access to some magical abilities.

High Elf Cleric: Wise and adept at invoking the powers of the gods for healing, protection, and attack, the high elf cleric is also a skilled combatant with a particular affinity for blunt weapons.

Erudite Wizard: Possessing great intelligence, the erudite wizard is not as skilled in hand-to-hand combat, but more than makes up for this shortfall with a devastating arsenal of magical abilities.

Dark Elf Shadowknight: Strong and cunning, the dark elf shadowknight brings combat prowess and skill with dark magic together in a powerful combination.

Customizing Your Character

Before you begin, you may individualize your gameplay by tailoring your character's appearance, attributes, and name.

Appearance

Once you have picked a gender and race/class combination, you may now customize your character's appearance and physical attributes. Select from several skin colors, hair styles, and hair colors by moving the sliders left or right.

Attributes

Your character has four important attributes that define his or her mental and physical effectiveness, depending on the race and class combination you chose. You may further customize each of these attributes by distributing 20 points among them.

- **Strength:** Affects how much damage your character delivers with a physical blow during melee combat, as well as how much weight he or she can carry.
- **Intelligence:** Helps determine the amount of mana your character has available for activating special abilities, as well as the rate at which he or she regenerates spent mana.
- **Dexterity:** Affects your character's accuracy during combat with melee and ranged weapons, as well as the damage your character causes with a ranged weapon.
- **Stamina:** Helps determine the amount of health your character has and the rate at which he or she regenerates health after taking damage.

Character Name

You may name your character anything you like. Spell out the name by moving the selector around the alphabet grid and pressing the X button to pick the highlighted letter. When you are finished spelling the name, select DONE to save and move on.

Importing a Character

If you played the original Champions of Norrath, you can import saved characters from your memory card into Champions: Return to Arms.

At the character creation screen, insert your memory card with your saved character and press the **▲** button. Your card will be scanned for saved characters. A list of those saved characters will appear. As you scroll through the list, each character's portrait and statistics will appear to the right. Next to "Type" you will see whether the character is from Champions of Norrath (CON) or Champions: Return to Arms (RTA).

Highlight the character you wish to import and press the X button. Your character will be imported with his or her statistics listed.

Multiplayer Games

Players have the option of playing Champions: Return to Arms with three of their friends on a single PlayStation®2 computer entertainment system using a multitap, or with other players over the Internet through SOEGames.net.

Starting a Multitap Multiplayer Game

For a multiplayer game on a single system, you will need a Multitap (for PlayStation®2). Start a new game from the Main Menu, and then select Normal Game. Choose the number of players, up to four, that will participate. Each player will then create their character in turn. Press the X button to accept. After all players have created their characters, the game will begin.

Starting an Internet Game

You can play Champions: Return to Arms over the Internet and adventure with players from almost anywhere. You must have a Network Adaptor (Ethernet/modem) (for PlayStation®2) properly connected to your PlayStation®2

system for Internet play and have a broadband connection available. To begin an Internet game, select "Start New Game" from the Main Menu, and then select "Internet Game."

You will be asked to select your network configuration. If you have not set one up, select "Create a Network Configuration" and follow the prompts to create and save a configuration that will allow Champions: Return to Arms to connect to the Internet. When you return to the game, select this network configuration you have set up. Follow the instructions and accept the Terms of Service to log into SOEGames.net

SOEGames.net

Internet gameplay takes place through SOEGames.net, Sony Online Entertainment's connection service. SOEGames.net is a free service that helps you find a game to join, and to host your own game and invite other players.

If you already have a SOEGames.net account, enter your username and password to log in. If this is the first time you have played through SOEGames.net, set up a new account by selecting "Create a New Login Account." Be sure to use a valid e-mail address; if you lose your password and request it, it will be sent to you by e-mail. Write down your username and password on the back of your manual to keep it safe.

Once logged in, you will see a list of games you can join and a chat lobby where you can talk with other players. If you wish to host a game, or you are looking for a private game to join, press the ▲ button.

Characters on SOEGames.net

The characters you create and play online through SOEGames.net are saved on the SOEGames.net server, not on your memory card. They can only be played in Internet games when you are connected to the SOEGames.net service.

Joining a Game

To join a game, select one from the list and press the X button. You may either create a new character or import a saved character from a memory card. You will then be taken to a private lobby where you can chat with the other players in the game as you wait for the game to begin.

Hosting a Game

To host a game, press the ▲ button and then the X button. You may start a new character, or import a saved character from a memory card. You will be prompted for a game name and the type of game you want to host. Players will be able to join your game (depending on the kind of game you chose to start). When you have the players you want for your game, press the X button to start.

Your Quest Begins

Once you create or import your character, press the X button to begin your adventure!

Main Game Screen

1. Health Bar
2. Experience Bar
3. Mana Bar
4. Level Up Indicator
5. Radial Menu

The three bars in the upper left corner track your character's vital statistics:

- **Health (red bar):** This displays your character's hit points. If this bar is depleted, your character will die.
- **Experience (green bar):** This displays the progress toward your next level. When this bar fills completely, you will attain a new level.
- **Mana (blue bar):** This displays your character's pool of magical energy, which is used to activate special abilities.

Auto-map

Press the R3 button once to bring up a large, transparent auto-map (if available in your character's location). Your character will be represented by a triangle on the map. Press the R3 button a second time to reduce the auto-map size. Pressing the R3 button a third time will close the auto-map.

Character Detail Screens

Press the SELECT button to view your character's inventory and statistics. There are six tabs at the top of the screen for each detail page: weapons, armor, items, character statis-

tics, quests, and abilities. You may move between the screens by pressing the R1 or L1 buttons, or moving the pointer over a tab and pressing the X button.

Weapons, Armor, and Items Pages

On any of the three inventory screens, you may equip or unequip an item by moving the pointer over it and pressing the X button. You may also drop items by pointing at them and pressing the ▲ button.

Enhancing Equipment

You may discover certain items during the course of your adventure that can be used to enhance your equipment.

You will notice four circles in the information boxes for some of your equipment. These are enhancement slots that can be filled with these special enhancements.

To apply an enhancement to one of your items, navigate to your Item page. Pick up the enhancement you wish to apply to an item by pressing the X button. Go to your weapon or armor inventory page and place the cursor over the piece of equipment you wish to enhance. Press the X button to apply the enhancement to the item.

When all of the slots of an item have been filled, no more enhancements can be applied to that piece of equipment. Note that a few enhancements may take up more than one enhancement slot. You cannot apply enhancements to items already considered magical (items whose names are in blue). Once an enhancement has been applied it can not be removed.

Character Statistics Page

This screen displays all the important statistical information about your character, such as level, health, and experience.

1. Carrying Capacity

Quest Journal Page

This screen helps you keep track of the goals you are trying to achieve on your quest.

Special Abilities Page

This screen displays your special abilities, such as combat arts and spells, as well as your character's current skill rank in each. "Points Remaining" displays points you have available to spend on improving these abilities.

Using Your Spellbook

Your spellbook allows you to place special abilities into a radial menu you can use to quickly execute spells and combat arts in battle.

To assign an ability to a slot in your spellbook, move the pointer over the ability and press the **■** button to open the spellbook radial menu. Using the directional buttons, high-

light the slot in which you wish to place the ability, and press the **X** button. It will now be available for use in your radial menu. Only abilities you must activate can be added to the spellbook.

Controlling Your Character

Here are the basics of moving your character through the world, performing actions, and using abilities.

Moving: You direct your character's movement by using the left analog stick on your controller.

Attacking Enemies: To attack a creature with an equipped weapon, position your character for the attack (move close and face your target for melee attacks, or face your target for ranged attacks) and press the **X** button.

Pushing or Breaking Items: Some items you encounter in the game can be moved by pushing them. Simply move your character against the item, and he or she will push it in the direction you wish. You may break or smash items like barrels and boxes that you find by pressing the **X** button.

Performing Actions: To interact with NPCs, such as shopkeepers, or perform other actions, such as opening chests, pulling levers, and picking up items, press the **■** button.

Blocking: You may block some attacks against your character by holding the **R1** button.

Dodge: Give ground and avoid attacks by holding the **R1** button and pressing the **L1** button.

Rotating the Camera: Use the right analog stick to shift and adjust the position of the view camera.

Pausing the Game: You may pause your game by pressing the **START** button. This will open the Pause Menu:

Return to Game: This will return you to your active game.

Use Gate Scroll: Choose this to use a gate scroll from your inventory and return to a safe point.

From the safe point, you may choose "Gate Back" to return to the location you gated from.

Load Game: Choose this to load up a previously saved game.

Options: Adjust your settings and preferences from this menu
Exit to Menu: This will return you to the Main Menu.
Options: Opens the main settings menu.

Saving the Game

As you progress through the game, you will encounter large stone pedestals, atop which rest stone spheres. These are save points.

The save points become active the first time you approach them. Press the **■** button when standing near one to save your game.

Using Portals

Throughout the game you will encounter stone pedestals that can be used to move between areas of the game. These pedestals look similar to the save game pedestals, except a diamond-shaped crystal rests at their tops. As your character approaches them, the portal pedestals will become active.

With portals, your character may travel from one location to another instantly, saving you travel time, particularly when you wish to return to a game "hub" to sell items, for example. Game hubs are central points between adventures in your ongoing quest where you can find a merchant, as well as save points and portals. When you approach a portal pedestal, press the **■** button. You will be given a list of portals you have activated. Choose which you'd like to travel to and press the X button.

Using Gate Scrolls

Gate scrolls will whisk your character from his or her current location back to either Firiona or Natasla. The safe point will depend on which leg of the storyline you are currently exploring.

You must possess a Gate scroll in your inventory to use this option. To use a Gate Scroll, press the **START** button to pause the game, and select "Use Gate Scroll" from the menu. One Gate Scroll will be consumed from your character's inventory. You can quickly activate a Gate Scroll by pressing the **■** and **SELECT** buttons at the same time.

You can return to the location you gated from originally by pressing the **START** button and selecting "Gate Back." No gate scroll is consumed for your trip back to your original location.

Buying and Selling Equipment

You will encounter shopkeepers throughout your adventure. From their shops, you can replenish your supplies, sell items you've picked up, and purchase new and better equipment.

When you encounter a shopkeeper, press the **■** button. You will be given the option to enter the shop. Select either "Buy" or "Sell" from the shop menu.

Buying Items

When buying items, peruse what's available in the shop first. Move the pointer over items to see a popup box with details about the item. Shop inventories do change, so you may not find the same items available on your next visit. When you are ready to purchase an item, press the **■** button.

Occasionally, items will have special beneficial effects associated with their use. These items will be displayed in blue text. Items that have a red background cannot be used by your character (check the

level restriction on the item, as it may be usable at a later level).

Selling Items

To sell an item, enter the Sell screen, point at the item you want to sell and press the **■** button. Before you sell, note its value; this is the amount the shopkeeper will give you for the item. Make sure you want to sell an item before pressing the **■** button. For equipped items in your character's inventory, you will be prompted to confirm the sale before the transaction is completed.

Combat

Make sure your character has a weapon equipped by pressing the SELECT button, going to the Weapons Page, and equipping the weapon you wish to use. You can attack with no weapon at all, but your character's fists are less effective than a sharp cleaver or a well-aimed arrow!

Face the enemy you want to attack and press the X button. If you're using a melee weapon, maneuver in close to engage and start swinging. As you attack, your character will automatically advance on your enemy as long as you continue to swing at it, keeping it on the defensive and you in the thick of the fray. If you are using a ranged weapon, such as a bow, point your character at your intended target and press the X button to fire.

Using Abilities in Combat

You may also use abilities during combat to help tip the odds in your favor by accessing the radial menu. You must have assigned abilities to your spellbook from your Special Abilities Page.

The ability radial menu may be opened by pressing any directional button. You have two buttons you may assign to abilities: the **▲** and the **●** buttons. Pressing these buttons during combat will execute the ability they are assigned in the radial menu. To change the button assignments, open the radial menu pressing the directional pad and move the highlight to an ability. Press either the **▲** or **●**

button to assign that particular button to the selected special ability. You may change these button assignments at any time. You may quickly execute an ability in your radial menu that is not assigned a button. Open the radial menu by pressing the directional button and highlight the ability you wish to use. Press the **■** button to execute the ability.

Health and Mana

As you battle you will suffer damage and expend mana by using abilities. You should monitor both health and mana closely as you play. Both regenerate to full levels over time (barbarians regenerate mana by slaying enemies, but there are times when your character needs a quick replenishment of one or both.

Health Potions

Health potions will quickly restore your lost health. To use a health potion, press the R2 button. Note that consumption of a healing potion will greatly accelerate your character's healing, but it is not instantaneous! Don't wait too long to use a health potion. If you are out of health potions, you will see an icon of a red potion with an "x" through it to indicate your supply is depleted.

Mana Potions

Mana potions work similarly to health potions, except that they restore your mana. To use a mana potion, press the L2 button. Be sure you have a supply of these potions in your inventory as well, especially if your character uses abilities often.

Loot

One of the best things about defeating an enemy—besides the satisfaction of surviving and earning experience—is the chance to receive rewards. Enemies can drop almost anything, including potions, weapons, gold, and armor. To pick up an item, move close to it. It will be highlighted and its name will be displayed at the bottom of the screen. Press the **■**

button to pick it up.

Note that your character cannot carry an unlimited number of items. At the top of the character details screen you will see a scale icon. Next to this is the current weight of what you carry, and the maximum weight you can carry. If you reach your carry capacity limit (determined by your strength), you will not be able to pick up more loot until you lighten your load. You may drop an item by pointing at it in your inventory and pressing the **▲** button.

Death

Your character will die if your health bar is depleted. He or she will return to the point where you last approached a save game pedestal. You will lose any experience, equipment, and coins you gained between your last encounter with a save game pedestal and the point at which your character died.

Death in Multiplayer Games

Death in a multiplayer game works a bit differently than it does in a single-player game. If your character or one of your comrades' characters dies, the survivors must find a save game pedestal to have the character resurrected to continue.

Leveling Up

When your character's experience bar fills completely, he or she will level up, and you may improve attributes and special abilities.

Press the **SELECT** button to bring up the Level Up screen. The number of points you have available to spend will be displayed. Distribute the points however you like by highlighting an attribute and pushing the **X** button. Each button press will apply one point to the chosen attribute.

You may also improve your abilities by pressing the **SELECT** button and going to the abilities tab. At the top of the screen will be listed the number of points you may apply to your abilities. You may use these points to improve abilities you already have, or you may acquire new abilities that become available at your new level. Abilities must have at least one point in them to be usable.

Medal Rounds: Unlocking Hidden Levels

After completing a level of Champions: Return to Arms and re-entering the planar portal, special zones will become available. Highlight a completed plane and press either the right or left directional button, to highlight a medal round, and then press the **X** button to enter. Medal rounds grant rewards based on requirements that must be met to successfully complete the level.

After successfully completing a medal round, a second secret level will open. You can complete these for additional rewards. To enter the bonus level, press the right or left button to highlight the hidden level, and then press the **X** button to enter.

Arena Games

The Arena is a place where you and your friends can take on the enemies in Champions: Return to Arms to score points, battling enemies in waves of progressive difficulty. You begin in the arena at level 1, and with minimal equipment. As you battle, you will accumulate equipment, gold, and important items such as health and mana potions.

You can also choose to battle your friends in the arena, testing your skills against one another.

Tips and Strategies

Here are a few tips and gaming strategies to help you succeed in Champions: Return to Arms.

Basic Strategies

These strategies will help all characters, no matter which you have chosen to play.

Using Gate Scrolls: Use Gate Scrolls to return to a safe point when your character is low on supplies or needs to sell off some hard-earned loot. Check the store's inventory to see if armor and equipment available might be better than what your character is currently using. Also, don't forget to replenish your Gate scroll supply if it is low. You just used one to return to the store—was it your last? Getting stuck in a dungeon without a Gate scroll can be quite dangerous.

Using Health Potions: Don't be too stingy with your health potions. The best way to survive is to keep an eye on your character's health and use well-timed healing potions.

Fight Enemies in Narrow Corridors: Enemies will often try to overwhelm you with superior number. It is often helpful to back away and try to position yourself in a narrow corridor that will force your enemies to tunnel in after you, protecting your flanks and preventing them from all hitting you at once.

Watch Out for Enemy Magic Wielders: Beware of monsters that have enchanted weapons, arrows, or magic spells as they are more deadly than your average grunt. You can recognize enchanted weapons by the glowing aura surrounding them. Isolate these monsters if possible and engage them. Use corners and blind spots to thwart spell casters and enemies using arrows.

Improve Your Special Abilities: Some skills or spells may seem weak when you first acquire them. Don't give up on them! Keep training them and they will yield powerful results.

Class Strategies

These are strategies for each class that can help you utilize the full potential of each.

Iksar Shaman

- Iksar are skilled in both melee and spell casting. Make sure you equip a weapon and shield to handle close combat.
- Magical offense is your best defense! Use poison spells to deal damage to large groups of creatures.
- The Giant Growth spell can eventually double the Shaman's size, which allows him to do twice his normal damage.
- Use your Summon Badger spell to call a pet to help you.

Vah Shir Berserker

- The berserker is a solid melee character with a throwing ability. Make sure you put points into your Throwing ability so you can effectively use the throwing axes that the berserker can summon.
- Most of the Vah Shir's spells are close range so use them strategically in close combat.
- Roar is a great spell to clear the area, and Bloodlust can really give you an upper hand when fighting melee.

Barbarian Warrior

- Spend ability points on Strength to increase your character's melee damage, and Stamina to boost health.
- As a warrior, you're often in the thick of the battle. Use your health potions! Sometimes it is necessary to use many to survive.

Wood Elf Ranger

- Dexterity, dexterity, dexterity! Your specialty is the bow, and dexterity increases the accuracy and damage you cause when using one. This is especially important at higher levels when many of your damaging spells rely on a bow and arrows for delivery.
- You can easily switch between ranged and melee weaponry by using the default L1 button. Get used to switching between the two when enemies charge.
- Keep a good stock of arrows!

High Elf Cleric

- A cleric can be played in many ways, but the most effective involves a mix of ranged spells and melee combat. This means distributing ability points equally between Intelligence for mana, Strength for melee damage, and Stamina for health.
- Initiate combat with ranged spells, and then finish off with melee damage.

Erudite Wizard

- Intelligence is your forte; spend ability points on Intelligence to increase your mana and how often you can cast those deadly spells. You may also want to put some points into Stamina, to increase your health in case you do get into a pinch.
- When in doubt, run! Range is a wizard's best friend, so get some distance between you and the charging hordes to use your ranged spells more effectively.
- Running out of mana potions is death for a wizard. Make sure you keep your inventory fully stocked.

Dark Elf Shadowknight

- Your special abilities focus on weakening multiple opponents. Use these to weed out enemy ranks. Finish off the job with melee carnage. Grouped enemies are specially susceptible to this tactic.

Character Abilities

Each class in *Champions: Return to Arms* has special abilities he or she may use to help in their quest. These abilities come in the form of spells and combat arts. All have a

required level, which your character must have achieved before the ability is available.

These special abilities are either passive, or they must be activated to be used. Passive abilities, once they have at least one point in them, will continually function without a need to activate them.

Iksar Shaman

Blunt Weapons

This is your skill at using blunt weapons, such as hammers and maces. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Slashing

This is your skill with slashing weapons, such as swords and axes. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Poison Bolt

Fires a dart of poison at the enemy, inflicting damage on a successful hit and poisoning the target. This ability must be activated and costs mana.

Concentration

Increases your character's natural mana regeneration rate. The regeneration rate increases as the skill rank rises. This ability does not cost mana and is always in effect once acquired.

Drowsy

Afflicts the enemy with lethargy, slowing its attacks and movement, while causing damage to the target. This ability must be activated and costs mana.

Tagar's Insects

Summons a swarm of insects to overcome enemies, causing damage and distracting them for a time. This ability must be activated and costs mana.

Endurance

Improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming overly

encumbered. This ability does not cost mana and is always in effect once acquired.

Minor Healing

Restores some health to allies nearby. This ability must be activated and costs mana.

Poison Weapons

Taints the shaman's weapon with poison, causing additional damage to your enemy on successful hits. As the skill rank rises, damage and duration of the enchantment increase. At higher skill ranks, the poison effect will be granted to the weapons of nearby friends. This ability must be activated and costs mana.

Summon Badger

Summons a spirit servant in the form of a badger to serve the shaman. This ability must be activated and costs mana.

Spirit Shield

Surrounds the shaman in an aura that protects against attacks. This ability must be activated and costs mana.

Pus Storm

Summons a rain of virulent, fluid discharge causing damage to those in the area of effect. This ability must be activated and costs mana.

Bind Wound

Improves your health regeneration rate with each skill rank. This ability does not cost mana and is always in effect once acquired.

Giant Growth

Increases the size of the shaman, making him stronger and able to cause greater damage in combat. This ability must be activated and costs mana.

Planar Wind

Conjures a great gust of wind in front of the shaman, knocking enemies back and causing damage. This ability must be activated and costs mana.

Root

Immobilizes an enemy for a short period of time. Higher skill ranks will increase its duration and the number of creatures your character can root, and decrease the chances for an enemy to break free prematurely. This ability must be activated and costs mana.

Vah Shir Berserker

Blunt Weapons

This is your skill at using blunt weapons, such as hammers and maces. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Slashing

This is your skill with slashing weapons, such as swords and axes. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Throwing

Enhances the berserker's ability to damage enemies with throwing axes. This ability does not cost mana and is always in effect once acquired.

Roar

Knocks back enemies close to the berserker, causing damage. This ability must be activated and costs mana.

Summon Axe

Creates a stack of throwing axes for the berserker. Higher skill ranks increase the number of axes created. This ability must be activated and costs mana.

Endurance

Improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming overly encumbered. This ability does not cost mana and is always in effect once acquired.

Blood Lust

The berserker is able to focus his attacks for greater damage while sacrificing some defense. This ability must be activated and costs mana.

Critical Hit

Increases your character's chance to score a critical hit during combat, causing greater damage to enemies. As the skill rank rises, the chance for a critical hit improves and the duration of the effect increases. At higher skill ranks, your character will begin to emanate

Endurance

Endurance improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming overly encumbered. This ability does not cost mana and is always in effect once acquired.

Shield Bash

Shield Bash is a rushing attack that uses a shield to damage and possibly even stun your enemies. The damage inflicted increases with each skill rank, as does the chance to stun your enemy and the number of enemies that can be bashed in a single attack. This ability must be activated and costs mana. You must have a shield equipped to use this ability.

Critical Hit

Critical Hit increases your character's chance to score a critical hit during combat, causing greater damage to enemies. As the skill rank rises, the chance for a critical hit improves and the duration of the effect increases. At higher skill ranks, your character will begin to emanate this benefit in a radius around him or her, affecting nearby friends as well. This ability must be activated and costs mana.

Dual Wield

Dual Wield will allow your character to wield a weapon of appropriate size in each hand and to attack with both. As your character's skill rank rises, his or her effectiveness and damage will improve. This ability does not cost mana and is in effect whenever two weapons are wielded.

Ground Pound

Ground Pound is a massive attack unleashed by striking the ground with a two-handed blunt weapon. All enemies within the area of effect take damage. Both the damage inflicted and area of effect increase with skill rank. At higher level skill ranks, enemies may also be stunned by the attack.

This ability must be activated and costs mana. You must have a two-handed blunt weapon to use this ability.

Charge

Charge is a running attack that causes tremendous damage to the enemy hit. Damage increases with skill rank. Higher level skill ranks add an area effect, which damages enemies within the effect radius, and the ability to steer the charge. This ability must be activated and costs mana.

Riposte

Riposte allows your character to redirect damage against him or her back at the enemy. As the skill rank rises, so does the chance for your character to riposte an attack and the damage your character causes to the enemy. This ability does not cost mana and is always in effect once acquired.

Stunning Strike

This ability gives the warrior a chance to stun opponents with his or her attacks. This ability does not cost mana and is always in effect once acquired.

Cyclone

Cyclone is a spin attack that can damage enemies on all sides of your character. Higher skill ranks offer increased damage, more revolutions in your character's spin, and better maneuverability during the move. This ability must be activated and costs mana.

Strong Stance

Allows the warrior to solidly stand against incoming attacks that attempt to knock him or her down. The chance to resist a knockdown attempt increases with skill rank. This ability does not cost mana and is always in effect once acquired.

Ancestral Call

Ancestral Call invokes the power of your character's ancestors for a significant boost to attack speed and damage. As the skill rank rises, damage and duration of effect both increase. At higher skill ranks, your character will radiate an aura that grants benefits to fellow players nearby. This ability must be activated and costs mana.

Natural Resistance

This ability boosts the warrior's natural resistance to magic, lowering the damage he or she takes from

magic based attacks. This ability does not cost mana and is always in effect once acquired.

Wood Elf Ranger

Blunt Weapons

This is your skill at using blunt weapons, such as hammers and maces. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Slashing

This is your skill at using slashing weapons, such as swords and axes. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Archery

Archery improves your effectiveness at causing damage against enemies when using a bow. As skill rank rises, damage caused by bow attacks increases. This ability does not cost mana and is always in effect once acquired.

Regeneration

Regeneration will improve the rate at which your character regains mana. As the skill rank rises, the rate of regeneration increases. This ability does not cost mana and is always in effect once acquired.

Multi Fire

Multi Fire allows your character to fire more than a single arrow at a time. As the skill rank rises, the number of arrows that can be fired simultaneously and their speed increases. This ability must be activated and costs mana.

Summon Arrows

Using this ability, the ranger can create a stack of arrows to replenish his or her ammunition. At higher skill ranks, more arrows are created. This ability must be activated and costs mana.

Endurance

Endurance improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming

overly encumbered. This ability does not cost mana and is always in effect once acquired.

Cold Arrow

Cold Arrow enchants one of your character's arrows to deliver additional cold damage to an enemy, and has a chance to "freeze" the enemy temporarily. As the spell rank rises, the cold damage caused, the length of the freeze effect, and the arrow velocity increase. This ability must be activated and costs mana.

Critical Hit

Critical Hit increases your character's chance to score a critical hit during combat, causing greater damage to enemies. As the skill rank rises, the chance for a critical hit improves and the duration of the effect increases. At higher skill ranks, your character will begin to emanate this benefit in a radius around him or her, affecting nearby friends as well. This ability must be activated and costs mana.

Dual Wield

Dual Wield will allow your character to wield a weapon of appropriate size in each hand and to attack with both. As your character's skill rank rises, his or her effectiveness and damage will improve. This ability does not cost mana and is in effect while two weapons are wielded.

Poison Arrow

Poison Arrow enchants one of your character's arrows to deliver additional poison damage to an enemy. It will also create a poison cloud around the target. The affected target continues to take damage over the duration of the poison effect. As the spell rank rises, the initial damage inflicted increases, as does the size, duration, and damage caused by the poison cloud created. This ability must be activated and costs mana.

Healing

Healing restores your character's hit points as if he or she had consumed a healing potion. As the skill rank rises, the amount of hit points healed increases. At higher skill ranks, the effect will have a radius, healing nearby friends as well. This ability must be activated and costs mana.

Fire Arrow

Fire Arrow enchants one of your character's arrows to deliver an explosive fire attack against an enemy. As the spell rank rises, the fire damage caused and the radius of the explosion increase. This ability must be activated and costs mana.

Entangle

Entangle will immobilize an enemy for a short period of time. Higher skill ranks will increase its duration and the number of creatures your character can root at a time (with multiple castings of the spell), and decrease the chances for an enemy to break free prematurely. This ability must be activated and costs mana.

Explosive Arrow

Explosive Arrow enchants one of your character's arrows to deliver an explosive charge at enemies. As the skill rank rises, the damage inflicted increases. At higher skill ranks, the arrow will explode in a radius, causing damage to enemies near the target. This ability must be activated and costs mana.

Minor Healing

Restores your character's hit points as if he or she had consumed a healing potion. As the skill rank rises, the amount of hit points healed increases. At higher skill ranks, the effect will have a radius, healing nearby friends as well. This ability must be activated and costs mana.

Light Quiver

With this ability the ranger is able to reduce the burden of his or her arrows, in effect making them lighter to carry. This ability does not cost mana and is always in effect once acquired.

Penetrating Arrows

The ranger's arrow shots become so precise and so powerful that they have a chance of punching through shields, and even through more than one enemy in their path. This ability does not cost mana and is always in effect once acquired.

High Elf Cleric

Blunt Weapons

This is your skill at using blunt weapons, such as hammers and maces. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Holy Strike

Holy Strike calls a bolt of divine power into being to strike an enemy for damage. It is even more effective against undead enemies, causing significantly more damage to them. As the skill rank rises, the damage inflicted increases. At higher levels, the bolt will begin to track enemies. This ability must be activated and costs mana.

Endurance

Endurance improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming overly encumbered. This ability does not cost mana and is always in effect once acquired.

Shield Bash

Shield Bash is a rushing attack that uses a shield to damage and can possibly even stun your enemies. The damage inflicted increases with each skill rank, as does the chance to stun your enemy. This ability must be activated and costs mana. You must have a shield to use this ability.

Healing

Healing restores your character's hit points as if he or she had consumed a healing potion. As the skill rank rises, the amount of hit points healed increases. At higher skill ranks, the effect will have a radius, healing nearby friends as well. This ability must be activated and costs mana.

Holy Armor

Holy Armor will protect your character by absorbing a percentage of hit point damage taken from enemy attacks and converting it into damage subtracted from your character's mana points instead. As the skill rank rises, the duration of the effect and the percentage of hit point damage converted to mana

point damage increases. This ability must be activated and costs mana.

Blessed

Blessed will improve your character's mana regeneration rate while in effect. As the skill rank rises, the rate of regeneration and the duration both increase. This ability must be activated and costs mana.

Undead Shield

Undead Shield wraps your character in an aura of divinity that causes damage to any undead creature that attacks. The offending undead will take damage based on a percentage of the damage it inflicts upon your character. As the skill rank rises, the duration of the effect and the percentage of damage the undead attacker takes increases. At higher skill ranks, nearby friends will also receive the effects of the undead shield. This ability must be activated and costs mana.

Hammer of Wrath

Hammer of Wrath summons a divine hammer that assists your character in combat. It is capable of executing a spin move as well. As the skill rank rises, the damage the hammer can inflict, the hammer's duration, and the chance of the hammer executing a spin move all increase.

This ability must be activated and costs mana.

Blinding Light

Blinding Light bathes an enemy in dazzlingly bright light, causing initial damage and possibly confusion as well. Additional enemies near the target may also be affected. The light clings to the target for a period of time while continuing to cause damage. As the skill rank rises, the initial damage caused, subsequent damage, duration of the effect, and the area of effect increase. This ability must be activated and costs mana.

Dismiss Undead

Dismiss Undead is an attack that is particularly effective against undead creatures. A skull is hurled at a target enemy, which suffers damage when struck. If the skull misses, it will begin to bounce off obstacles until it impacts an enemy or it dissipates at the end of its duration. As the skill rank rises, the damage caused and the duration of the skull increase. This ability must be activated and costs mana.

Root

Root will immobilize an enemy for a short period of time. Higher skill ranks will increase its duration and the number of creatures your character can root at a time (with multiple castings of the spell), and decrease the chances for an enemy to break free prematurely. This ability must be activated and costs mana.

Convert Enemy

Convert Enemy will cause an enemy to begin working for your character for the duration of the effect. Undead creatures, animals, and those with particularly strong wills are immune to conversion. As the skill rank rises, the number of enemies your character may have converted at the same time increases, as does the duration of the conversions. This ability must be activated and costs mana.

Repulse Undead

Repulse Undead causes undead creatures around your character to be knocked away or driven back in fear. Non-undead creatures and undead of great power will not be affected. As the skill rank rises, the chance to repulse, the number of undead creatures affected, and the duration of the repulsion all increase. This ability must be activated and costs mana.

Resurrect

This spell can return a fallen comrade to life. The resurrected friend will be weak when he or she is returned to life. This ability must be activated and costs a significant amount of mana.

Retribution

Cast upon an enemy, Retribution heals the cleric in incremental amounts with each successful hit against the enemy. This ability must be activated and costs mana.

Unspoken Word

Causes damage to all enemies within range, and has a chance to stun them as well. As the skill rank rises, the damage caused and chance to stun both increase. This ability must be activated and costs mana.

Erudite Wizard

Blunt Weapons

This is your skill at using blunt weapons, such as staves. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Shock of Frost

Fires a projectile of ice at an enemy, causing cold damage upon impact. As the skill rank rises, the damage caused by the bolt increases. At higher skill ranks, the bolt will shatter on impact, damaging enemies near the original target with scattering ice shrapnel. This ability must be activated and costs mana.

Bind Wound

Bind Wound improves your health regeneration rate with each skill rank. This ability does not cost mana and is always in effect once acquired.

Bolt of Shock

Bolt of Shock sends a bolt of lightning coursing toward your character's enemy to cause damage. As the skill rank rises, the damage caused by the bolt increases. At higher skill ranks, the bolt will begin to jump from one enemy target to others nearby, causing additional damage. This ability must be activated and costs mana.

Frost Storm

Frost Storm unleashes a frigid storm cloud that travels away from your character, raining shards of ice on enemies. As the skill rank rises, the damage caused by the storm, the size of the cloud, its speed, and its duration all increase. This ability must be activated and costs mana.

Endurance

Endurance improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming overly encumbered. This ability does not cost mana and is always in effect once acquired.

Wizard Beam

Wizard Beam fires a continuous beam of energy from your character at the target, causing damage. Tendrils of energy

will also sprout off from the target to strike other enemies within range as well. The Wizard Beam lasts as long as you hold down the special ability button, or until your character runs out of mana. This ability must be activated and costs mana for each second of use.

Concentration

Concentration increases your character's natural mana regeneration rate. The regeneration rate increases as the skill rank rises. This ability does not cost mana and is always in effect once acquired.

Cold Weapons

Cold Weapons imbues your weapon with magical cold, causing additional damage to your enemy. As the skill rank rises, damage and duration of the enchantment increase. At higher skill ranks, the cold effect will be granted to the weapons of nearby friends. This ability must be activated and costs mana.

Shock of Fire

Shock of Fire launches a bolt of fire at your enemy, causing damage. Damage increases as your character's skill rank rises. At higher skill ranks, the bolt will explode, engulfing nearby targets in a ball of flame. This ability must be activated and costs mana.

Battle Mage

Allows the wizard to use one-handed melee weapons such as blades and thrown weapons, but at slightly reduced effectiveness. This ability does not cost mana and is always in effect once acquired.

Lightning Weapons

Lightning Weapons imbues your weapon with an electrical charge, shocking your enemies for additional damage while in effect. Damage and duration of the enchantment increase as skill rank rises. At higher skill ranks, the enchantment will be granted to the weapons of nearby friends. This ability must be activated and costs mana.

Fire Flares

Fire Flares creates a number of circling flames around your character that will impact an enemy within range, causing damage. As skill rank rises, the number of flares

their duration, and the damage they cause increases. At higher skill ranks, the flares will explode to cause damage to enemies within its radius. This ability must be activated and costs mana.

Fire Storm

Fire Storm ignites a torrent of flames in the area surrounding the target, causing damage to the target and nearby enemies. Higher skill ranks increase the damage caused, the storm's duration, and the size of the area the storm affects. This ability must be activated and costs mana.

Cone of Frost

Cone of Frost creates a cone-shaped area of bitter cold before your character, damaging all enemies caught within it and lasting as long as you hold the activating button, or until your character's mana is depleted. Higher skill ranks increase the damage caused by the cone, as well as its length and area. This ability must be activated and costs mana.

Root

Root will immobilize an enemy for a short period of time. Higher skill ranks will increase its duration and the number of creatures your character can root at a time (with multiple castings of the spell), and decrease the chances for an enemy to break free prematurely. This ability must be activated and costs mana.

Fire Weapons

Fire Weapons enchants a weapon with flames, causing additional damage to your enemy. As skill rank rises, the damage caused and the duration of the enchantment increase. At higher skill ranks, the enchantment will be granted to the weapons of nearby friends. This ability must be activated and costs mana.

Cone of Fire

Cone of Fire creates a flaming jet extending outward and lasting as long as you hold down the ability button or until your mana is exhausted. Higher skill ranks grant greater damage and longer, wider cones of fire. This ability must be activated and costs mana.

Wave of Flame

Releases a roiling wave of flame from the wizard, searing those within range and setting them on fire. This ability must be activated and costs mana.

Dark Elf Shadowknight

Blunt Weapons

This is your skill at using blunt weapons, such as hammers and maces. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Slashing

This is your skill at using slashing weapons, such as swords and axes. The damage you inflict with such weapons increases as your skill rank rises. This ability does not cost mana and is always in effect once acquired.

Disease Bolt

Disease Bolt is a bolt of contagion fired at your enemy that causes damage as well as disease that will continue to damage the target. As the skill rank rises, the initial damage, the subsequent damage from disease and its duration increase. At higher skill ranks, the bolt will begin to track enemies. This ability must be activated and costs mana.

Bind Wound

Bind Wound improves your health regeneration rate with each skill rank. This ability does not cost mana and is always in effect once acquired.

Life Tap

Life Tap has a chance of siphoning off the dissipating life energy of defeated enemies, boosting your character's own health or mana. As the skill rank rises, the chance of a successful life tap increases, as does the amount of benefit gained. This ability must be activated and costs mana.

Disease Trail

Disease Trail creates clouds of pestilent vapors behind your character that cause damage to enemies entering them and for as long as they remain within them. As the skill rank rises, the duration of the clouds and the damage they inflict increases. This ability must be activated and costs mana.

Endurance

Endurance improves your character's ability to carry heavy loads. As the skill rank increases, so too does the load capacity your character is able to handle before becoming overly encumbered. This ability does not cost mana and is always in effect once acquired.

Engulfing Darkness

Engulfing Darkness envelops an enemy in a clinging shroud of damaging darkness that can also cause confusion and will continue to harm the target after the initial attack. As the skill rank rises, the chance to confuse the target increases, as does the damage and duration of both the darkness and the confusion effects. This ability must be activated and costs mana.

Disease Shield

Disease Shield creates a cloud of infectious fumes around your character that causes damage to enemies that enter its area of effect. The cloud remains centered on your character for its duration. As the skill rank rises, the radius of the cloud, the damage it causes, and its duration all increase.

This ability must be activated and costs mana.

Shadow Step

Allows the shadowknight to briefly delude enemies, allow him or her to slip away to a safer spot nearby. At higher skill ranks, the deception can confuse nearby enemies for a time. This ability must be activated and costs mana.

Riposte

Riposte allows your character to redirect damage against him or her back at the enemy. As the skill rank rises, so does the chance for your character to riposte an attack and the damage your character causes to the enemy. This ability does not cost mana and is in always in effect once acquired.

Summon Skeleton

Summon Skeleton summons an animated skeleton to assist your character and remains until killed. As the skill rank rises, the skeleton summoned becomes more powerful and has a chance to appear wielding a weapon. This ability must be activated and costs mana.

Shield Bash

Shield Bash is a rushing attack that uses a shield to damage and possibly even stun your enemies. The damage inflicted increases with each skill rank, as does the chance to stun your enemy. This ability must be activated and costs mana. You must have a shield to use this ability.

Convert Undead

Convert Undead will cause an undead enemy to begin working for your character for the duration of the effect. Non-undead creatures and undead of particularly strong will are immune to conversion. As the skill rank rises, the number of undead enemies your character may have converted at the same time increases, as does the duration of the conversions. This ability must be activated and costs mana.

Disease Blade

Taints the shadowknight's weapon with disease, infecting enemies struck by the weapon. This ability must be activated and costs mana.

Harm Touch

A devastating attack that causes massive damage to an enemy. Once your character uses this ability, he or she must wait a certain amount of time before using it again. As the skill rank rises, the damage caused increases, as does the wait time between uses. This ability must be activated and costs mana.

Raise Army

Raises fallen enemies within range as undead servants, battling for the shadowknight. Bodies must be present to be raised. Higher skill ranks increase the number of servants and radius. This ability must be activated and costs mana.

All Custom Content is part of the Game as defined herein. You may not copy (except to make one necessary back-up copy), distribute, sell, adaptation, rent, lease, loan, modify or create derivative works (other than Custom Content to be solely used with the Game), adapt, translate, perform, display, sublicense or transfer all or any portion of the Game. You may not copy any of the written materials accompanying the Game. You may not reverse engineer, disassemble or decompile all or any part of the Game except to the extent that this restriction is expressly prohibited by applicable law. The Game may contain license management software that restricts your use of the Game.

2. To play the Game, including multi-player versions of the Game, you must have all applicable or required hardware and software to operate the Game (which depending on whether you are playing a single player version, or one of the multiplayer versions of the Game, may include, without limitation, a memory card (BMB)(for PlayStation®2), a network adaptor (Ethernet/modem) (for PlayStation®2), multitap (for PlayStation®2) and a PlayStation®2 console, none of which we provide, and internet access, which we also do not provide). In addition to any fees described herein, you are responsible for paying all applicable taxes (including those we are not required to collect) and for all hardware (including, without limitation, memory card (BMB)(for PlayStation®2), network adaptor (for PlayStation®2), multitap (for PlayStation®2) and PlayStation®2 console) software, service and other costs you incur to play the Game. This Agreement does not entitle you to any subsequent releases of the Game, or to any expansion packs or similar ancillary products. You understand that we may update or otherwise enhance the Game at any time and in doing so incur no obligation to furnish such updates to you pursuant to this Agreement.

3. We may amend this Agreement at any time in our sole discretion. Such amendments shall be effective whenever we make the notification available for your review.

4. You may transfer your rights under this Agreement provided that (i) the recipient agrees to the terms of this Agreement and (ii) you permanently remove all saved Game content from your memory card (BMB)(for PlayStation®2). Any such transferee, however, may not have access to SOEGames.net and thus, may not be able to play the internet multiplayer version of the Game.

5. We may terminate this Agreement immediately and without notice if you breach this Agreement or repeatedly infringe any third party intellectual property rights, or upon violation of the SOEGames.net Service Terms and Conditions, or upon gameplay, chat or any player activity whatsoever which we, in our sole discretion, determine to be inappropriate and/or in violation of the spirit of the Game. If we terminate this Agreement under these circumstances, you must destroy all copies of the Game and Custom Content (and all parts thereof). We may also terminate the internet multiplayer feature of the Game at any time without notice to you.

6. Except for the revocable, limited license expressly granted hereunder, we and our suppliers shall retain all rights, title and interest, including, without limitation, ownership of all intellectual property rights relating to or residing in, the DVD, the Game, all copies thereof, and all game character data in connection therewith. You acknowledge and agree that you have not and will not acquire or obtain any intellectual property or other rights, including any right of exploitation, of any kind in or to the DVD or the Game, including, without limitation, in any character(s), Custom Content, item(s), or other material or property, and that all such Custom Content, property, material and items are exclusively owned by us. The Game is copyrighted and is protected by United States copyright laws and international treaty provisions. You acknowledge that the Game contains valuable trade secrets of SOE, and that SOE and/or its licensors own all intellectual property rights in and to the Game, including, without limitation, all patent rights, copyrights, inventions, trade secret rights, trade dress rights, trademark rights and intellectual property rights therein and thereto. You may not remove the copyright and other proprietary rights notices from the Game. You agree that this Agreement shall be retained with all printed and electronic copies of the Game and documentation constituting the Game. You agree to prevent any unauthorized copying or distribution of the Game. Except for the license as expressly provided herein, SOE does not grant you any express or implied right in any patents, copyrights, trademarks, or trade secret information of SOE and/or its licensors.

7. You may not:

(i) use any unauthorized third party software to modify the Game to change multiplayer Gameplay, (ii) create, facilitate, host, link to or provide any other means through which the Game may be played by others, such as through server emulators, except as may be permitted by the unmodified Game and supported by SOEGames.net.

- (iv) take any action which imposes an unreasonable or disproportionately large load on our infrastructure;
- (v) exploit the Game or any of its component parts for any commercial purpose (including but not limited to, exploitation at a cyber cafe or gaming center) without prior written consent of SOE;
- (vi) sell or auction (or host or facilitate the ability to allow others to buy, sell or auction) any character data or Custom Content, copyrighted or proprietary material relating to the Game; or
- (vii) host or provide any matchmaking service for the Game.

8. SONY ONLINE ENTERTAINMENT INC. WARRANTS TO THE ORIGINAL PURCHASER OF THIS PRODUCT THAT THE DVD IS FREE FROM DEFECTS IN MATERIAL AND WORKMANSHIP FOR A PERIOD OF NINETY (90) DAYS FROM THE ORIGINAL DATE OF PURCHASE. SONY ONLINE ENTERTAINMENT INC. AGREES FOR A PERIOD OF NINETY (90) DAYS TO EITHER REPAIR OR REPLACE, AT ITS OPTION, THIS PRODUCT. YOU MUST CALL (858) 537-0898 TO RECEIVE INSTRUCTIONS TO OBTAIN REPAIR/REPLACE SERVICES. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE SONY ONLINE ENTERTAINMENT INC. EXCEPT AS DESCRIBED HEREIN, WE AND OUR SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES OR CONDITIONS OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. EXCEPT AS DESCRIBED HEREIN, WE PROVIDE THE DVD AND THE GAME AND ALL OTHER SERVICES "AS IS." ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL SONY ONLINE ENTERTAINMENT INC. OR ITS SUPPLIERS BE LIABLE FOR INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES (HOWEVER ARISING, INCLUDING NEGLIGENCE) RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE SONY ONLINE ENTERTAINMENT INC. SOFTWARE PRODUCT. OUR LIABILITY TO YOU OR ANY THIRD PARTIES IS LIMITED TO \$100. Without limiting the foregoing, we do not ensure continuous, error-free, secure or virus-free operation of the product, your account or continued operation or availability of any given server. Some jurisdictions do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of consequential damages or liability, so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific legal rights and you may also have other legal rights which vary from jurisdiction to jurisdiction.

9. We are not liable for any delay or failure to perform resulting from any causes beyond our reasonable control. You agree to indemnify, defend and hold harmless SOE, SOE's affiliated companies and suppliers, and all of their respective officers, directors, owners, agents, employees, information providers, affiliates, licensors and licensees (collectively, "Indemnified Parties") from and against any and all liability and costs including, without limitation, attorneys' fees and costs, incurred by the Indemnified Parties in connection with any claim arising out of (i) any breach by you of the Agreement or the foregoing representations, warranties and covenants or (ii) your use of the Game.

10. This Software uses "DNAS" (Dynamic Network Authentication System), a proprietary authentication system created by Sony Computer Entertainment Inc. ("SCEI"). "DNAS" retrieves information about a user's hardware and software for authentication, copy protection, account blocking, system, rules, or game management and other purposes. The information collected does not identify the user personally and will not be shared with any non-SCE company. A PUBLISHER CAN COMBINE THIS INFORMATION WITH PERSONALLY IDENTIFYING INFORMATION FROM THE PUBLISHER'S RECORDS IF THE USER PROVIDES THE PERSONALLY IDENTIFYING INFORMATION. BEFORE PROVIDING ANY PERSONAL INFORMATION TO A PUBLISHER, PLEASE BE SURE TO REVIEW THE PUBLISHER'S PRIVACY POLICY AND TERMS AND CONDITIONS OF USE. DO NOT PROVIDE PERSONALLY IDENTIFYING INFORMATION TO A PUBLISHER UNLESS YOU ACCEPT THE CONDITIONS OF USE AND TERMS OF THEIR PRIVACY POLICY. SCEI, Sony Computer Entertainment America ("SCEA") and their affiliates cannot guarantee the continuous operation of the "DNAS" servers. SCEA shall not be liable for any delay or failure of the "DNAS" servers to perform. If you receive a message during login identifying a "DNAS" authentication error, please contact SCEA Consumer Services at 1-866-466-5333. For additional information concerning "DNAS," visit www.us.playstation.com/DNAS.

In the event of a systems incompatibility or inoperability with DNAS, the sole liability of SCEI, SCEA and their affiliates shall be limited to the repair or replacement of the user's affected game software, console or peripherals at the option of SCEA. SCEA, its parents, affiliates, or licensed Publishers shall not be liable for any delays, system failures, authentication failures, or system outages, which may, from time to time, affect online game play or access thereto.

11. You shall comply with all applicable laws regarding your use of the DVD and your playing of the Game. Without limiting the foregoing, you may not download, use or otherwise export or re-export the Game except in full compliance with all applicable laws and regulations, including, without limitation, the laws of the United States.

12. This Agreement is governed in all respects by the laws of the State of California as such laws are applied to agreements entered into and to be performed entirely within California between California residents. The UN Convention on Contracts for the International Sale of Goods is expressly disclaimed. Both parties submit to personal jurisdiction in California and further agree that any cause of action relating to this Agreement shall be brought in the County of San Diego, State of California (if under State law) or the Southern District of California (if under federal law). If any provision of this Agreement is held to be invalid or unenforceable, such provision shall be struck and the remaining provisions shall be enforced. Our failure to act with respect to a breach by you or others does not waive our right to act with respect to subsequent or similar breaches. You may not assign or transfer this Agreement or your rights hereunder, and any attempt to the contrary is void. This Agreement sets forth the entire understanding and agreement between us and you with respect to the subject matter hereof. Except as provided herein, this Agreement may not be amended except in a writing signed by both parties.

13. All services hereunder are offered by Sony Online Entertainment Inc., located at 8928 Terman Court, San Diego, California 92121. Our phone number is (858) 537-0898. The Complaint Assistance Unit of the Division of Consumer Services of the Department of Consumer Affairs may be contacted in writing at 400 R Street, Sacramento, CA 95814, or by telephone at (800) 952-5210.

14. The Game is a "commercial item" if acquired under agreement with the U.S. Government or any contractor hereof in accordance with 48 CFR 12.212 of the FAR and, if acquired for Department of Defense (DOD) units, 48 CFR 227-7202 of the DOD FAR Supplement, or any succeeding similar regulations.

SOEGAMES.NET TERMS OF SERVICE

The SOEGames.net service (the "Service") is offered to you conditioned on your acceptance, without modification, of the terms and conditions set forth below (the "Terms of Use"). Sony Online Entertainment Inc. or its customers in the European Union, SOE Europe Limited, (collectively, "SOE" or "we") may change, add or remove any part of the Terms of Use at any time by posting a notice of such changes, and such modification(s) shall become effective immediately upon posting.

1. SOE hereby grants you a limited, personal, revocable license to use the Service solely in connection with SOE published games, and for no other purpose. You may not use the Service for any business or commercial purpose unless you obtain SOE's prior written permission. SOE may discontinue the Service, in whole or in part, to any user or to all users, at any time in its sole discretion. Any rights that SOE does not expressly grant you in these Terms of Use are expressly reserved by SOE.

2. In order to use the Service, you must use a unique CD key from the SOE published game with which you want to use the Service (for games in which SOE provides such a key), and you must have a valid account (a "Station Account") in good standing that you registered at www.station.sony.com (the "Station"). You are bound by the Station Terms of Service (www.sonyonline.com/tos/tos.jsp) while on the Station, these Terms of Use shall supplement, but not replace, the Station Terms of Service. The Privacy Policy that governs your use of the Service is located at www.sonyonline.com/tos/privacy.jsp. SOE reserves the right to suspend or terminate any Station Account of any member who has violated any of these Terms of Use; obviously, you will lose access to any game character(s) (for instance, EverQuest, EQOA or PlanetSide characters) on any Station Account that SOE has suspended or terminated - without any right to refund or recompense.

3. You shall not, through, via or in connection with your use of the Service:

- (i) transmit any message, information, data, text, software or graphic files, or other materials ("Content") that is unlawful, harmful, threatening, abusive, harassing, tortious, defamatory, vulgar, obscene, libelous, that may be invasive of another's right of privacy or publicity, hateful, racially, ethnically or otherwise objectionable;
- (ii) impersonate any person or entity, including but not limited to, a Station official, forum leader, guide or host or falsely state or otherwise misrepresent your affiliation with a person or entity;
- (iii) post or transmit any Content that you do not have a right to transmit under any law or under contractual or fiduciary relationships (such as nondisclosure agreements);
- (iv) post or transmit any Content that contains a virus, worm, bot or corrupted data;
- (v) use the Service in a manner that adversely affects the availability of its resources to other users (e.g., denial of service attack, excessive shouting [use of all caps], flooding [continuous posting of repetitive text] or excessively large embedded images);
- (vi) post or transmit any unsolicited advertising, promotional materials, "junk mail", "spam", "chain letters", "pyramid schemes" or any other form of solicitation;
- (vii) intentionally or unintentionally violate any applicable local, state, national or international law, rule or regulation;
- (viii) upload or transmit any Content that infringes any patent, trademark, trade secret, copyright or other proprietary rights ("Rights") of any party;
- (ix) use any third party software or modify any game client (such as through macros, hacks and cheats) to unfairly impact game play; or
- (x) cheat.

4. All computer software, displays, artwork, music and other components of the Service (collectively, the "Software") are the copyrighted intellectual property of SOE. You shall not:

- (i) copy, rent, lease, sublicense all or any portion of the Software;
 - (ii) modify or prepare derivative works of the Software;
 - (iii) retransmit or mirror the Software;
 - (iv) remove or modify any copyright or trademark notice on any part of the Software; or
 - (v) reverse engineer, disassemble or decompile any part of all of the Software.
5. You understand that anything sent via the Service is the sole responsibility of the sending party. SOE has no obligation to monitor or supervise the Service, expressly disclaims any representation that it will monitor or supervise the Service -- but also expressly reserves the right to monitor or supervise the Service in its sole discretion. You understand that anything that you transmit through the Service is routed through SOE's servers; you have no expectation of privacy in anything that you so transmit (even if you intend it to be a private message) and you expressly consent to SOE's monitoring of anything that you send, receive and/or store through the Service.

6. When you make your IP address available on the Service you have made it public and, accordingly, you should take appropriate measures (such as a firewall) to safeguard your hardware and data from attack or unauthorized access by third parties. You expressly release SOE, its affiliated companies and their officers, directors, employees and agents from any claim or loss you may suffer as a result of any third party access to your hardware or data.

7. NEITHER SOE, ANY COMPANY AFFILIATED WITH SOE, NOR ANY OF THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS, MAKE ANY WARRANTY WHATSOEVER, INCLUDING, WITHOUT LIMITATION, THAT THE SERVICE WILL BE UNINTERRUPTED OR ERROR FREE. THE SERVICE AND SOFTWARE ARE PROVIDED ON AN "AS IS" BASIS WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE OR NON-INFRINGEMENT OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OTHER THAN THOSE WARRANTIES WHICH ARE

INCAPABLE OF EXCLUSION, RESTRICTION OR MODIFICATION UNDER THE LAWS APPLICABLE TO THIS AGREEMENT. USE OF THE SERVICE IS AT YOUR SOLE RISK.

THE DISCLAIMERS OF LIABILITY CONTAINED IN THIS SECTION 7 APPLY TO ANY DAMAGES OR INJURY CAUSED BY ANY FAILURE OF PERFORMANCE, ERROR, OMISSION, INTERRUPTION, DELETION, DEFECT, DELAY IN OPERATION OR TRANSMISSION, COMPUTER VIRUS, COMMUNICATION LINE FAILURE, THEFT OR DESTRUCTION OR UNAUTHORIZED ACCESS TO, ALTERATION OF OR USE OF THE SERVICE, WHETHER FOR BREACH OF CONTRACT, TORTIOUS BEHAVIOR, NEGLIGENCE OR UNDER ANY OTHER CAUSE OF ACTION.

IN NO EVENT WILL SOE, ANY COMPANY AFFILIATED WITH SOE, OR ANY OF THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS, BE LIABLE FOR (A) ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO (I) THE USE OF OR INABILITY TO USE THE SERVICE, (II) THE BREACH OF ANY REPRESENTATION OR WARRANTY, (III) THE USE BY YOU OF THE SERVICE AND/OR (IV) THE DOWNLOADING OF ANY SOFTWARE OWNED OR OPERATED BY ANY THIRD PARTY, IN CONNECTION WITH THE SERVICE OR (B) ANY INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THE SERVICE, EVEN IF SOE WAS PREVIOUSLY ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IN THE EVENT OF ANY CLAIM RELATING TO THE PERFORMANCE OR NONPERFORMANCE BY SOE PURSUANT TO THESE TERMS OF USE, OR IN ANY OTHER WAY CONCERNING THE SERVICE, IS MADE BY YOU, THE ACTUAL DAMAGES TO WHICH YOU MAY BE ENTITLED SHALL BE LIMITED TO THE GREATER OF (I) \$50.00 OR (II) THE FEES, IF ANY, PAID BY YOU FOR USE OF THE SERVICE.

SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

8. SOE shall have the right to terminate or suspend your use of the Service, effective immediately and without prior notice, in the event of any conduct by you which SOE, in its sole discretion, considers to be unacceptable, or for conduct that SOE believes is a violation of the Terms of Use contained herein or any policies or guidelines posted by SOE on The Station, or for other conduct which SOE believes, in its sole discretion, is harmful to SOE or other Service users. SOE reserves the right to deny registration of any individual as a Station Member and, thus, to deny access to the Service to any individual.

9. You agree to indemnify, defend and hold harmless SOE, SOE's affiliated companies, and all of their respective officers, directors, owners, agents, employees, information providers, affiliates, licensors and licensees (collectively, "Indemnified Parties") from and against any and all liability and costs including, without limitation, attorneys' fees and costs, incurred by the Indemnified Parties in connection with any claim arising out of (i) any breach by you of the Terms of Use or the foregoing representations, warranties and covenants or (ii) your use of the Service.

10. The Service is controlled and operated by SOE from its offices within the State of California, United States of America; but may be served remotely. SOE makes no representation that the Service is available for use in any particular location. Those who choose to access the Service from countries other than the United States do so on their own initiative and are responsible for compliance with local laws, if and to the extent local laws are applicable. The Software is subject to United States export controls. The Software may NOT be downloaded or otherwise exported or re-exported (i) into (or to a national or resident of) Cuba, Iraq, Libya, North Korea, Iran, Syria, or any other country to which the U.S. has embargoed goods; or (ii) to anyone on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Commerce Department's Table of Deny Orders (including, but not limited to, the Denied Persons List).

By downloading or using the Software, you represent and warrant that you are not located in, under the control of, or a national or resident of any such country or on any such list.

11. These Terms of Use constitute the entire agreement between SOE and you with respect to the subject matter hereof, and supersede all previous agreements between the parties with respect to such subject matter, whether written or oral. No waiver by either party of any breach or default hereunder shall be deemed to be a waiver of any preceding or subsequent breach or default. The section headings used herein are for convenience only and shall not affect the interpretation of this Agreement. If any provision of these terms shall be unlawful, void, or for any reason unenforceable, then that provision shall be deemed severable from these terms and shall not affect the validity and enforceability of any remaining provisions.

12. For users from outside the European Union, this Agreement shall be construed in accordance with the laws of the State of California, without regard to California's principles of conflict of laws, and you hereby consent to personal and exclusive jurisdiction by and venue of the state and federal courts sitting in the State of California, Southern District. For users from within the European Union, this Agreement shall be construed in accordance with the laws of the United Kingdom and you hereby consent to personal and exclusive jurisdiction and exclusive venue of the courts within the United Kingdom.

LIMITED WARRANTY

SONY ONLINE ENTERTAINMENT INC. WARRANTS TO THE ORIGINAL PURCHASER OF THIS PRODUCT THAT THE DVD IS FREE FROM DEFECTS IN MATERIAL AND WORKMANSHIP FOR A PERIOD OF NINETY (90) DAYS FROM THE ORIGINAL DATE OF PURCHASE.
